

**Oil & Gas Industry Construction Permit  
SELF-CERTIFICATION TIMELINE TABLE**

**Company Name:** \_\_\_\_\_  
**Source Name:** \_\_\_\_\_  
**Permit Number:** \_\_\_\_\_  
**Plant AIRS ID<sup>A</sup>:** \_\_\_\_\_

Point AIRS ID <sup>B</sup>	Equipment Start-up		Compliance Testing				Compliance Certification	
	Date of Start-up	Date Notice of Start-up Filed <sup>C</sup>	Required Testing Completion Date <sup>D</sup>	Date Stack Test Protocol Submitted <sup>E</sup>	Date Stack Testing Performed	Date Results Submitted to APCD <sup>F</sup>	Self-Certification Due Date <sup>G</sup>	Date Self-Certification Submitted

**Footnotes:**

- <sup>A</sup> The “Plant AIRS ID” is the first seven digits of the AIRS ID (i.e. 123/0465/003) contained on your permit. In this case, “123/0465”.
- <sup>B</sup> The “Point AIRS ID” is the last three digits of the AIRS ID (i.e. 123/0465/003) contained on your permit. In this case, “003”.
- <sup>C</sup> Notice of start-up must be submitted within 30 days of start-up of equipment.
- <sup>D</sup> Compliance tests must be preformed within 180 days of equipment start-up.
- <sup>E</sup> Stack test protocol must be submitted at least 30 days prior to performing stack test.
- <sup>F</sup> Stack test results must be submitted to the APCD within 60 days of completing the test.
- <sup>G</sup> Operator must self-certify compliance with permit conditions within 180 days of equipment start-up.

**Additional Notes:**

An up-to-date version of this form must be submitted with the self-certification document if multiple pieces of equipment (i.e. multiple emissions points) are covered by a single permit and will be installed and compliance certified at different times. Submittal of this form does not change the requirements to self-certify each emissions unit within 180 days of start-up as required by the permit.
