

Provisional Certification Name-Based Criminal History Record Check Information

The State of Colorado requires that applicants for provisional EMS Provider certification submit with their application a name-based criminal history record check for every state the applicant has lived in during the last three (3) consecutive years. All name-based criminal history record checks shall include:

- Full legal name and all aliases (if applicable)
- Date of birth or Social Security number
- Any and all criminal activity including misdemeanors, felonies and sex offender registration
- Date that the criminal history record check was conducted

All name-based criminal history record checks shall be conducted by the respective state's bureau of investigation or equivalent state-level law enforcement agency where available. Record checks may be available by mail-in and/or online requests. If a state does not offer name-based criminal history record checks, an applicant may submit a name-based criminal history record check conducted by a private vendor; however, this record check shall be state specific and include all of the above requested information.

Below is a list of every state agency that offers name-based criminal history record checks. All name-based criminal history record checks are valid for the purposes of provisional certification for 90 days after the record check was conducted.

Information is subject to change without notification. Contact the state's criminal justice or law enforcement agency for more information.
