Re: Submittal Schedule, Material License Application & Environmental Report (ER)  
Piñon Ridge Mill, Montrose County, Colorado

Dear Phil:

In previous discussions, you requested that Energy Fuels Resources Corporation (Energy Fuels) provide you with a tentative schedule for submitting the license application and ER for the Piñon Ridge Mill so that the Radiation Management Program can better anticipate future staffing requirements. We plan to submit the license application and ER in late October 2009, provided that the Montrose Board of County Commissioners approves our special use permit.

With the submittal this week of the draft Health and Safety Plan, we do not plan to pre-submit any additional documents prior to submitting the license application. If you have any recommendations on the documents submitted to date, please forward them to us by September 25<sup>th</sup>, and we will do our best to incorporate your suggestions. Please call me if you have any additional questions or informational needs in this regard.

Sincerely,

Frank Filas, P.E.  
Environmental Manager

Cc: Steve Tarlton, Edgar Ethington (CDPHE)  
George Glasier, Steve Antony, Bob Monok, Zach Rogers (Energy Fuels)
