Storm drain pollution can be prevented by not putting things like detergents--for example, from washing your car in the driveway or street- paint, fertilizer, grass clippings, leaves, or waste into gutters or storm drains. During the last 3 months how often have you taken steps to prevent storm drain pollution?

Storm drain pollution can be prevented by not putting things like detergents--for example, from washing your car in the driveway or street- paint, fertilizer, grass clippings, leaves, or waste into gutters or storm drains. During the last 3 months how often have you taken steps to prevent storm drain pollution?
